DETAILED ACTION

Response to Amendment

1. The amendment file September 25, 2006 has been entered and claims 1-32 and 34-42 have been cancelled.

Allowable Subject Matter

2. Claims 33, 43 and 44 are allowed.
3. The following is an examiner's statement of reasons for allowance: The prior art fails to disclose a memory function body comprising particles closer to an upper conductor being thicker than the covers for the particles closer to a lower conductor. The above limitation(s) in combination with other claim limitations are not taught or fairly suggested by the prior art nor would it be obvious to modify the references of record so as to manufacture a thin film transistor device of the instant application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to A. Sefer whose telephone number is (571) 272-1921.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Nathan Flynn can be reached on (571) 272-1915.
